

CHAPTER 35

'THE LOOK'

Mya 'TA' 'TA' 'TOSSED' and 'TU' 'TU' 'TURNED'- desperately trying to return to her dream of magical unicorns, as she pictured Angie and Zeddy'corn- along with their twisted little golden uni horns*but it was hopeless!*

"GR'RRRHHH!IT'S NOT WORKING!I CAN'T GO BACK TO SLEEP!", wailed out Mya- as she sat up within her bed. P.J. leapt onto the bed and started 'LA' 'LA' 'LICKING' her face-he did!

"STOP IT P.J.!IT'S ALL YOUR FAULT- IF YOU JUST STAYED OFF MY DESK LIKE I ASKED YOU TO A MILLION TIMES- I COULD BE FLYING THROUGH THE SKY ON BABY UNICORNS! EATING JELLYBEAN RAIN AND DRINKING FROM A CHOCOLATE WATERFALL!", scolded Mya- while pushing him away.

[Suddenly] A super bright red glow covered the four walls of Mya's bedroom- just before a small static'ing star appeared! The star 'SPU' 'SPU' 'SPUN' around in circles growing larger-and larger, until it touched down to her pink carpet floor and fluxed from side to side in an enchanting dance! A few seconds later-Alexus stepped from out of the star's center and into the bedroom, stopping right before Mya's bed!

"ALEXUS!", exclaimed Mya.

Alexus stood there silently- with her hands on her hips, 'LA' 'LA' 'LOOKING' around the place- admiring all the toys- games- and dolls that covered her floor and shelf space. P.J. jumped forward and 'BA' 'BA' 'BARKED' at Alexis*only because he was scared and he didn't want her to know it!*

“SSH'HHH!Be quiet P.J. before you wake Aunt Gerty!”, shushed Mya- instantly causing him to quickly pipe down and 'BA' 'BA' **BACK**' away.

Alexus looked forward toward Mya and dropped her left eyebrow lower than the right- before she turned back around, entered the stargate and disappeared from sight!

“SHE GAVE ME THE LOOK P.J.!THAT WAS THE LOOK!”, exclaimed Mya- as she leapt from the bed and quickly slid into her fuzzy rabbit slippers.

Mya raced over to the stargate and stood before it- as it 'DA' 'DA' 'DANCED' and continuously fluxed! She cautiously reached her right hand forward, causing it to stretch and warp- as the gate pulled it toward it's center! Shocked- she swiftly pulled the hand back and examined it, and to her relief it was once again**NORMAL!** She then reached the hand back up and slowly moved it closer- and closer- toward the star*inch by inch!*

[*Suddenly*] As her long warped fingers moved further into the redness, Alexis's right hand poked out from within and wrapped around Mya's wrist. It then quickly yanked Mya inside!

With only one frightened eyeball peeping through the closet door, Hoagie watched in shock and disbelief as the stargate shrunk smaller- and smaller- and smaller, until it was no more*no more Alexis- no more Mya!* Once the stargate had completely vanished- he exited the closet door with 'SHA' 'SHA' 'SHAKING' handsstill tripping over what he had just witnessed. He quickly sprinted out of the room frightened- as if he were being chased by a ghost in track shoes*P.J. followed!*
