

# CHAPTER 39

## 'DOLLY'

**"KIMBY'YYY!"**, exclaimed Mya- as she looked up into the perfect face of her favorite barbie doll. The living plastic barbie doll looked down upon the girls with her perfect plastic smile, upon her perfect plastic lips- beneath her perfectly plastic hazel eyes- and perfect silky jet black hair that hung down her perfect plastic back- above those perfect plastic legs. *Kimby Doll was .....PERFECT!*

**"Long time no see Alexis! .....WOW! .....And you brought my girl Mya with you- you did! ....What a surprise this is! ....Lovin' the jammies and slippers Girlfriend! .....HOT!"**, greeted Kimby- as she **'WA' 'WAIVED'** her perfect plastic hands and perfectly manicured pink plastic fingernails around.

**"YOU KNOW MY NAME!"**, exclaimed Mya.

**"Girl- I know all my dream fans names- I do! .... Who do you think brings you all those fabulous dreams at night!"**, tooted Kimby- with both her hands rested upon her perfect plastic hips.

**"ZONKERS'SSS!"**, sang out Mya.

**"Girl- I know you remember the dream last Friday where you and Katey were playing with the new Kimby Doll Dream House and my super top secret-unreleased- snow white Kim'rari! .....Girl- that thing ain't even comin' out til next year- it ain't!"**, chimed Kimby.

**"The one with the .....SUICIDE DOORS!"**, exclaimed Mya .....*recalling every second of the Awesome dream!*

**"EXACTLY!"**, sang out Kimby.

**"WOW! .....THANKS KIMBY!"**, graced Mya.

**"NO! .....Thank you for being my number one fan Mya!"**, replied Kimby.

**"Dolly we came for some of your Taffy Pie- we did"**, informed Alexis.

**"Well you two little sistas are in luck- because I was just preparing to whip up a whole batch of them- I was! .....So get y'all's little booties on in here and have a seat on the sofa!"**, chimed out Kimby- as she stepped aside and allowed the girls entry into her perfect house.

**"WHOA'AAA! .....Your wearing an outfit from the new Kimby Doll Winter fashion line! .....The black skinny jeans, with the white knit sweater and the brown heels! ....AMAZING!"**, exclaimed Mya, as she entered into the door, while admiring Kimby's perfect outfit.

**"You really got an eye for style- little sista! ..... And you know what comes with style right!"**, sang out Kimby- as she shut the door behind, **'SLAMMING'** it right in Little Baby Squeaky Face's poor face .....**NO wild animals were allowed to set foot in Kimby's crib!**

**"ATTITUDE'EEE!"**, they both sang out- while **'SNAP' 'SNAPPING'** their right hand fingers with their left hands rested upon their hips ...*with plenty of neck rotation of course!*

**"Wow Kimby- your house is AWESOME! .....I can't believe that I'm really here- I must be dreaming! .....Or maybe- I'm....."**, chimed Mya- as she marveled at the inside of the living room ....*which had no back wall- at all!*

**"GOLLY GEE BEADY! .....I already told ya that this is real- I did!"**, wailed out Alexis.

The inside of Kimby Doll's house was exactly like all the toy catalogs and advertisements that Mya had ever scanned through and drooled over! It had the large pink floral-designed plastic sofa with the white plastic coffee table before it, which sat in between a two-piece plastic table set with a plastic lamp on top of each of them. A zebra-striped rug laid on the floor before the fireplace- near to a pink television cabinet with a large plastic flat screen television inside. Upon the walls were several portraits of art- that appeared to be stuck to the walls like giant stickers, along with a plastic coat rack near the door- which held a black jean jacket. Mya **'LA' 'LA' 'LOVED'** everything she laid her eyes on- she did ..... **EVERYTHING!**

**"You two have a seat on the sofa and I'll bring you each a Taffy Pie, just as soon as they're done- I will"**, instructed Kimby- as she walked past them with her perfect plastic legs and perfect brown heels, in an animated and stiff fashion.

**"Cherry for me!"**, tooted Alexis.

**"I know- I know! ....And apple for Mya!"**, sang out Kimby- as she pushed through a swinging door and disappeared into the kitchen.

**“This is so unreal Alexis! ...Nobody's gonna believe me!”**, chimed Mya- as she and Alexis made their way over to the sofa and took seats.

**“Look Beady! ...This is supposed to be a secret- it is! .....Cause if my papa finds out he'll have a-SPAZZY- he will .....And he'll definitely take away my boots!”**, stressed Alexis.

**“Okay- I promise I won't tell anyone! .....But can I at least tell Katey? .....She's cool!”**, asked Mya .... *putting in a good word for her other best friend!*

**“I guess Beady ....But this is your first and last trip to the Dream World - it is ....After this- it's all work for me from here on out- it is! .... Gotta handle my Gatekeeper responsibilities- I must!”**, stressed Alexis.

**“This is the best surprise- EVER! .....And I've had some pretty good ones before Alexis!”**, graced Mya.

*'MEOW' 'MEOW'*- crooned a plastic white cat as it appeared from behind the sofa and leapt into Mya's lap!

**“SNOWBALL!”**, exclaimed Mya- before she started *'RA' 'RA' 'RUBBING'* the cat's back.

[*Suddenly*] A plastic brown Labrador raced down a set of stairs to the rear of the sofa and over to the girls. **“BONES!”**, exclaimed Mya- as the dog stopped and stood before them *'PA' 'PA' 'PANTING'* it's plastic tongue and *'WA' 'WA' 'WAGGING'* it's plastic tail.

Snowball *'MEOW'*ed- once more, causing Bones to *'BA' 'BA' 'BARK'* up a storm! The frightened cat- swiftly leapt over the back of the sofa and raced up the staircase, followed in close pursuit by the dog!

**“Alexis do you think if cats were bigger than dogs, that they would chase all the dogs around?”**, questioned Mya- just as the kitchen door swung back open. Kimby stood in the doorway- wearing a pink apron and matching baker's hat *.....looking- FABULOUS!*

**“OH MY ALEXUS! .....I'm so sorry- I am! .....But I'm out of caramel crème- and I can't make Taffy Pie without it! .....It's my secret ingredient! ..... Can you two please go down to Happy Town Marketplace and pick me up two tubs? ...I promise it'll be well worth the trip- it will!”**, begged Kimby.

**“Sure thing Dolly .....That way I can show Beady around the Dream World a bit- I can ....You must have good Karm Beady!”**, replied Alexis.

**“Thanks little sistas!”**, graced Kimby- as the girls stood to their feet.

**“EW- EW- EW! ...Uh- Kimby .....Do you think that we could drive the Kimb'vette there? .....PLEASE- OH PLEASE- OH PLEASE!”**, begged Mya.

**“Sorry Girlfriend- I am! ....But NO one- and I mean NO one! .....Drives Kimby's car- BUT KIMBY!”**, sang out Kimby,- as she held up a plastic finger for emphasis.

**“AW'WWW”**, cried out Mya- with disappointment.
